Subject: WE DEMAND THE REMOVAL OF PET COKE PILES FROM RESIDENTIAL NEIGHBORHOOD

To Rahm Emmanuel and the City of Chicago;

We, as concerned citizens of the Calumet Region, we live with unacceptable dumping on a daily basis. BP and others are much more concerned about their profits than about the health and welfare of current residents of this area.

The petroleum coke products must not be stored in residential areas. I'll bet the Koch and Beemsterboer brothers don't live on the southeast side of Chicago!

Our residents are at great risk for several present health concerns, and unknown future effects from this pet coke waste product. GET IT OUT OF OUR NEIGHBORHOOD!!!!!!!!!!!!!!!!!!!!!!

WE DEMAND THIS.

Sincerely,

Peggy A. Koval RN
